

DVB-S2 LICENSING PROGRAM - PATENT TECHNICAL COVERAGE

The information below is provided for the convenience of the parties interested in a license under the Patents of Sisvel’s DVB-S2 Licensing Program, and it is not intended to be exhaustive or restrictive. The versions of the technical specifications indicated below are exemplary, and previous or subsequent versions of such specifications may also be relevant. Please note that the listed patent families may be essential to separate specifications and/or sections in addition to those disclosed below and claims other than those mentioned may be relevant as well.

Please also note that the license offered may include patent applications and/or patents that are not (yet) listed in this document, as they still may be in prosecution or under evaluation for essentiality. This document may also include patents that may have lapsed/expired or may lapse/expire during the terms of any license offer, which only require royalties for past use during the corresponding terms of such patents.
